School Business Manager: Linda Paynter

### IMPORTANT MESSAGES

Dear Parents / Carers,

#### **Dogs**

We are concerned that children and parents / carers are feeling uncomfortable coming in and out of the playground when there are dogs around the school gate.

The area around the gate, both inside the playground and out on the pavement is always crowded and busy. We need to ensure this area is safe for both our school and the wider community and having people moving out of the way to avoid dogs just adds to the dangers people already face having the road so close.

We therefore ask that you do not stand anywhere near the gate with a dog or leave a dog tied to the fence.

We do appreciate that some families like to make the most of walking to school with their dog/s but our priority is the safety of our children and their families / carers so we must insist that dogs are well away from our school entrances.

#### **Lost Property**

We have been through our lost property bins in school today and returned any named items to children. On Monday next week we are going to put all unnamed items out in the KS2 playground and allow families to take what they want before we dispose of the rest. If you are worried that there might be something belonging to your child / children please do come into school tomorrow and check before Monday.

We trust that you understand the reasoning behind both these requests.

With best wishes

Mr Smith

Acting Headteachers

Mrs Joy
