

Redland Science Journey

- Explore the natural world around them.
- Learn about similarities and differences between the natural world around them and contrasting environments.
- Understand some important processes and changes including seasons and changing states of matter.

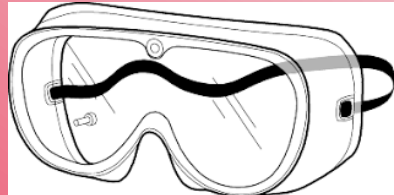

- Seasonal Changes
- Animals including humans
- Everyday materials
- Use of everyday materials
- Plants
- Living things and their habitat

- Living things and their habitats
- Animals including humans
- Earth and space
- States of matter
- Properties and changes of materials.
- Forces
- Sound
- Electricity

Shown is the progression of the Science topics throughout the school. Children will learn about the topics as they move throughout the school.

- Animals including humans
- Plants
- Forces and magnets
- States of matter
- Light
- Rocks
- Sounds
- Electricity
- Living things and their habitats

- Evolution and inheritance
- Properties and changes of materials
- Earth and space
- Light
- Animals including humans
- Living things and their habitats
